Formatting for submission:

For the Class 1 Aspects assignments, submit as follows:

Aspect:

Date of exact:

Dates of 2 degree orb period:

What the natal position rules:

Impact:

So for an example:

Aspect: Transit Jupiter square natal Sun

Date of exact: August 30th

Dates of 2 degrees orb period: June 30th - September 22nd

What the natal position rules: Sun rules the self; rules 10th house in the natal chart, ruling career, goals, ambitions, elders; located in the natal 2nd house, ruling money, values, confidence, security

Impact: Difficulty with getting things moving. Lacking motivation or drive, especially with work and responsibilities. Overly indulgent.

For the second assignment in Class 2, submit as follows:

New or Full Moon and date:

Aspects to the natal chart and dates they're exact:

Impact and explanation:

So for an example:

New or Full Moon and date: New Moon - August 30th

Aspects to the natal chart and dates they're exact:

- Sextile natal Moon, exact August 26th
- Square natal Venus, exact September 2nd

Impact and explanation: Sextile to natal Moon, spent extra time with family (Moon) and felt optimistic (rules 9th house); square to natal Venus, had trouble with someone (Venus) but mostly kept it to myself (rules 12th house)

For the second assignment for Class 3, submit as follows:

House(s) impacted (and date changed houses if did):

What the house(s) rules:

Aspects the retrograde made to the natal chart and dates they were exact:

Impact and explanation:

So for an example:

House(s) impacted: Started in 8th house, conjuncted 8th house cusp July 22nd, ended in 7th house

What the house(s) rules: 8th house rules other people's money (taxes, debts, loans inheritances, joint finances, anything financial impacting others), shared resources, transformations, what we hold deep within, is a little dark and emotional; 7th house rules the people in your life, your relationships, and balance

Aspects the retrograde made to the natal chart and dates they were exact:

- Square natal Pluto July 10th
- Sextile natal Sun July 18th
- Trine natal Saturn July 28th

Impact:

- 7th and 8th house impact: extra focus on others, having to pay for something for someone else, and thinking about financial security for myself and others
- Square natal Pluto: fighting for control over a situation; Pluto rules the 1st house of the self so also fell ill
- Sextile natal Sun: got some attention from others; Sun rules the 10th house of career so was for work that was done

- Trine natal Saturn: helped stabilize energy in the difficult dealings with others and financially; Saturn rules the 3rd house of the mind, so helped improve outlook
